collection

May 2016 – High Point, NC – High end occasional furniture manufacturer JONATHAN CHARLES unveils the **Opera Collection**, a new case goods collection identified for its gray sycamore wood finish. The striations on the figured sycamore veneer illuminates through a soft pastel gray finish, lending an ethereal quality to the collection, which is comprised of chairs, tables, chests, a desk, and a display cabinet. With a subtle blush champagne undertone, the pieces takes form after 1920's Art Deco with modern twists. Paired with ebonized high-shine wood finish and brass hardware, the tables and cabinets exude quiet sophistication.
