

CUSTOMER ASSEMBLY INSTRUCTION

Longwood Grey Oak/Mahogany Table

530023-GYO/GMA

Notes before assembly:

- a) Do not try to assemble this item on your own.
- b) You will need at least one other person to assist you lifting the components into place.
- c) Assembly should be carried out in the table's final location
- d) Check that all the parts are present as listed before beginning assembly. Should any parts be missing please immediately contact the dealer where you purchased your table.

Assembling Your table

Place the base on the flat floor, put the top onto the base, align the indicator mark on the bottom panel of the top and the top of the base in a straight line, please make sure holes to fit connectors are coincided. Secure them tightly with the 4 brass connector bolts provided.

Move your table to its final position.
